Assignments

Assignments vary greatly in terms of content. Every attempt is made to match the interests of the intern with the needs of the organization and the global environment.

Internship assignments vary in length according to the availability and skill requirements of the intern, as well as the needs of Better World Cameroon. Assignments are available on a part-time and full-time basis throughout the year.

Qualifications

Interns are selected on a competitive basis based on cultural awareness. The following minimum qualifications are required:

- Enrolment in a graduate-level degree programme (3rd or 4th year students) in a development related field such as economics, public or business administration, or environmental studies. Only those students who will return to their studies upon completion of their internship assignments are eligible.
- Demonstrated interest in the field of development
- Excellent computer knowledge (Microsoft Office applications)
- Excellent interactive and interpersonal skills and the ability to work in a multicultural environment.
- An interest in global mobility; adaptability to varied physical and other environments; a desire to work with and gain the confidence and respect of people with different language, national and cultural backgrounds.
- Respect for the principles and values of Better World Cameroon Charter and Statement of Purpose.

Financial Issues

Better World Cameroon does not pay for internships. The costs associated with the latter must be borne by the nominating institution, related institution or individual, which may provide the required financial assistance to its students; or by the student, who will have to obtain financing for subsistence and make his or her own arrangements for travel, accommodation etc.

Further Career Opportunities

The purpose of internships is not to lead to further employment with Better World Cameroon but, as mentioned, to complement an intern's studies. However, interns, having completed their studies and met the necessary requirements, can go on to further develop their own projects with the Better World Cameroon or elsewhere within our youth development networks.
